

AD110 is compact pH meters featuring automatic pH calibration, HOLD function, low battery indication, temperature measurement and compensation.

AD110 is offer you the greatest value-for-money for basic pH, ORP and Temperature measurements. 2 points push-button calibration with auto-buffer recognition in 3 points (pH 4.01, pH 7.01 and pH 10.01) Auto-off after 8 minutes of non-use conserves energy and lengthens battery lifespan.

Specification

MODEL		AD110
Range	pH/mV	-2.00 to 16.00 pH
	Temp	-5.0 to 105°C
Resolution	pH/mV	0.001 pH
	Temp	0.1°C
pH calibration		Automatic, 1 or 2 points w/ 3 memorized buffer value
Temp calibration		factory
Probe		pH electrode with BNC (AD2005B/1) temp probe (AD5006)
Battery type		4 x 1.5AA/ approx 1500 hour of use
Temp compensation		Automatic or 25C fixed
